**NOTES**

Double placement: 2 students from same nationality in one family  
 High school students might walk/cycle to school by themselves  
 SPC believes homestay is one of the most important elements to the Junior Program. Students are not only studying from the book, but also learning how to communicate and live.  
 SPC encourages students to refrain from the use of mobile/electronic devices whilst in homestay. By doing this the students are more exposed to the Australian culture and environment.

Students under 18 years old will only have photos taken with permission from parents.  
 SPC shares the photos with agents.  
 Please understand activities may be altered due to weather and other circumstances.
